# WHO WE ARE

Copperhead Construction Services helps make improvements to your community by working with skilled tradesmen who are at the top of their field.

Our team has multifamily experience at all levels from onsite management to executive leadership at some of the largest property management and owner/operators in the country.

We know communication is important during any type of community improvements. We make the effort to inform your team before and during the process to ensure you can keep your residents informed.

Your time is valuable and every second counts. Let our team become yours.

# WHAT WE BRING TO THE TABLE

**TIMELY  
EXECUTION**

**TOP-TIER  
TRADESMEN**

**TRUE QUALITY  
ASSURANCE**

**MULTIFAMILY  
EXPERIENCE**

# NEVER WORRY WITH US

---

We understand the time and effort it takes to take care of your residents.

We won't begin a job such as power washing your buildings when windows are open and residents haven't been notified!

You'll never need to worry that while we're fixing your roofs or painting your buildings, your residents will get nails in their tires or paint on their cars.

## WE'VE BEEN IN YOUR SHOES...

We work with your team so you can have the  
**least amount of disruption.**
